- Really a nice, guy however as an instructor he is very novice and cannot stay on subject when lecturing. Earlier in the year I was having difficulties and I went to talk to him about some advice. I thought maybe he could give studying ideas or explain some of the tactics that he had lectured in class. He told me to just read my notes more and leave. "you will either understand it or you wont, it is that simple" and that is all he would help or explain. For future reference I am very highly dissatisfied and I do not recommend anyone taking his class or him as an instructor. He does not help when one is needing and he makes accusations that are extremely out of hand. Questions where also not allowed much and during his lecture he would go off topic talking about the last episode of sponge bob.
