Do you have any pets? _____ What kind? _____

What is your favorite sport and team? _____ None _____

Would you be willing to have your student celebrate holidays with you? _____

What are your favorite types of food? _____

What is your favorite type of music? _____

Does your family eat at home or go out to eat more? _____

Are you a night-owl or early-bird? _____

What is your career? _____

What is the main reason you think Adopt-A-Student is something you want to do? _____

What information do you think we might need to know as we try to match you up? _____

What is the best way and best time for us to get in touch with you? _____

Note: Families may adopt as many students as they wish, but two is a good number. The program is for the entire school year-from August to May, although once you get to know your student, and they get to know you, you may feel they're yours for life! International students, as well as students from outside of our area, are curious about how Texas families live. This is a great opportunity for these young people to experience real Texan life. The FPC International student department will do a regular follow-up with families and students throughout the school year to see how things are progressing.

Please be aware that international students usually don't have vehicles, so transportation may be required from and to the campus for activities. While it is acceptable to discuss religious concepts, if the student wishes to do so, arguing or proselytizing is not acceptable. Also, please do not serve alcohol to any students. When matching students with an individual, the student will be assigned to someone of the same sex.
