

Extended Education

Learning goes beyond the traditional academic route. It is a life-long process that can be enhanced with classes offered through the Extended Education department. Continuing Education credits are awarded to students who have a desire to enhance their professional and/or personal development. Continuing Education courses are designed to meet specific needs of the community such as allied health, community service, law enforcement, workforce safety training, and workforce development. Programs listed can be offered through various delivery methods such as lecture, online, independent study, teleconference, and distance learning.

Allied Health

Courses are designed to provide Continuing Education Units (CEU's) for healthcare professionals such as those employed by hospitals, home health care, nursing homes, emergency medical personnel, and day care facilities to sustain state requirements of licensure or assist employment requirements. The Allied Health Department is an authorized provider with American Red Cross and the American Heart Association. For more information about Allied Health courses, contact the Director of Extended Education at (806) 457-4200, ext 775.

- Certified Nurse Aide
- Medication Aide
- NCLEX-PN
- Phlebotomy
- Basic IV Therapy for Nurses
- First Aid
- Emergency Medical Technician-Basic/Intermediate/Paramedic
- Medical Terminology
- CPR Adult/Infant/Child
- Basic Childcare and Development
- Life Guarding
- Infection control – Bloodborne Pathogen
- AED Adult/Infant/Child

Community Service

Community Service provides an opportunity for students to enhance their occupational skills or enrich their lives through leisure studies courses. Courses run from a few hours in a one-day seminar to a number of sessions over several weeks. Courses can be offered on campus or at off-campus sites. There are no entrance requirements for community service courses. The Extended Education Department welcomes qualified instructors to apply and suggestions from the community for courses desired. Contact the Coordinator of Continuing Education and Community Service ext. 777 for more information regarding community service.

- Arts & Crafts
(Ceramics, Clay Pottery, Painting, Scrapbooking, Mosaics)
- Conversational Sign Language
(beginning, intermediate, and advanced)
- Conversational Spanish
- Criminal Justice, Science
- English as a Second Language (ESL)
through partnership with Region XVI
- Financial System Computer Accounting
- Kid's College (Art, Computer, Cosmetology, Golf)
- Leadership training (e.g., Leadership Borger, Communication
Time and Volunteer Management)
- Microsoft XP & 2003 (Word, Excel, PowerPoint, Access,
Integrated Software, and Outlook)

belly dancing, martial arts & self defense, and scuba diving)
- Workplace Spanish for industries (agriculture, banking, law enforcement, fire fighters, and medical)
- Computer (Basic, Internet, and Web Page)
- Concealed Handgun
- Cooking
- Defensive driving
- Federal Income Tax preparation
- Financial Investing
- GED education (through partnership with Region XVI)
- General Anthropology
- Keyboarding
- Modern Dance
- Photography Digital (Photoshop)
- Welding (Arc, TIG,WIG, layout fabrication, metallurgy)
- Woodworking

Law Enforcement

Courses are designed to provide law enforcement, corrections, and criminal justice personnel with state mandated requirements, in-Service training, and specialized courses to meet specific occupational needs. Frank Phillips College is an approved TCLEOSE contract provider.

Frank Phillips College understands the need for flexibility in scheduling courses with a large or small percentage of students and realizes the importance of awarding continuing education credits to meet job requirements. For more information about Law Enforcement courses, contact the Director of Extended Education at (806) 457-4200, ext. 775.

Law Enforcement - continued

- Asset Forfeiture
- Basic Instructor Course
- Cultural Diversity
- Family Violence
- Intermediate Arrest, Search, and Seizure
- Intermediate Crime Scene
- Intermediate Use of Force
- Racial Profiling
- Special Investigative Topics
- Basic Civil Process
- Intermediate Crisis Intervention Training
- Ethics in Law Enforcement
- Field Training Officer
- Identity Theft
- Intermediate Child Abuse
- Intermediate Spanish
- New Supervisors
- Sexual Assault

Courses are designed to provide safety, health, and environmental training to meet specific needs of business and industry requirements. The Frank Phillips College Safety Center is a recognized training center of the National Safety Council, Texas Safety Association, and the Association of Reciprocal Safety Councils.

In January 2009 the **Warren Chisum Welding and Safety Center** opened on the campus of Frank Phillips College. This 15,000 sq. ft. contemporary facility provides access to students who wish to pursue or enhance their skills in state-of-the-art welding and fabrication technologies. Additionally the FPC Safety Center provides industry specific workforce safety training classes for area industries. Contact the Coordinator of Health & Safety at (806) 457-4200, ext. 622 for more information.

- Aerial Lift
- Bucket Truck Safety
- Chevron-Phillips Site Specific
- Construction Safety Class
- Electrical Safety

- Forklift Training
- Haz Com
- Industrial Safety Class
- PSM – Process Safety Management
- Scaffold Inspector
- Basic Orientation Plus
- Carry Deck Crane Safety Training
- Confined Spaces for Attendant & Entrant
- DOT Hazmat Training Cargo Tank Trucks
- Elevated Work - Scaffold Inspector
- Excavation Inspector
- H2S Training
- Hearing Conservation
- Lock Out / Tag Out
- Respiratory Protection
- Skid Steerloader Safety Training

Workforce Development

Workforce Development represents a growing field of study at the community college level. Members of the incumbent workforce are entering college to upgrade skills, acquire new skills, or perhaps retrain for a new career. Those who are first time entrants into the workforce or those who have been out of the job environment for an extended period of time can receive training to prepare for meaningful employment opportunities. Frank Phillips College has several workforce development curriculum options, including:

- Chemical Technology/Technician
- Cosmetology & Nail Technology
- Electrical Technology
- Farm and Ranch Management
- Industrial Manufacturing Technology
- Instrumentation Technology
- Licensed Vocational Nursing
- Soft skills*
- Welding Technology

The above programs lead to either a certificate of completion, an Associate of Applied Science degree or *CEU certificate. Licensed vocational nursing and cosmetology are certification programs that can take several months to complete and end in taking a state licensing examination.

The Service Drilling Southwest Center for Access and Innovation is a 32,000 square foot facility located at 901 Opal. The center houses three distance-education classrooms, the Cosmetology program, Autocad classroom, the wood shop, Industrial Manufacturing classroom/shop, and the Conference Center.

Frank Phillips College also offers specialized training programs for business and industry. Credit and non-credit programs can be customized to meet very specific needs. For more information about specialized courses or any workforce development program, contact the Dean of Career and Technology at (806) 457-4200, ext. 875.
